Jan. 3, 1919.

Lieut.-Colonel Chas. C. Pierce,

Dear Sir.

As we have received official notice of the death of our dear father, Prvt. Ralph R. Johnson, Co. A, 108th Infantry, but had received no other information regarding his death and burial until your letter was received and we are more than thankful to you and your workers for letting us know that the body was recovered and buried.

We also had three (3) cousins in the same company and regiment, one being Prvt. Glen C. Sprague, who was also reported ~~dead~~ Sept. 29 and we would be more than glad for any information you could give in regard to his death and burial.

I would be very glad if you would send me photographs of my father's grave and location and if possible also one of my cousin's grave.

What you can do will be appreciated and we would be very glad to hear from you and how long it will take to get them sent.

Thanking you again for your kindness  
very sincerely  
(Mrs) Mary Blossner.

P.S. My address at the time my brother left  
was 81 Waverly St. but correct address is  
given above.
