## “BOYS OF BATTERY D” 307TH FIELD ARTILLERY

AND THE OTHER MEMBERS OF ORLEANS COUNTY’S FIRST TWO CONTINGENTS OF WWI DRAFTEES

Men listed in bold are most likely to be in the Battery D photo. Their names appear on the official “Initial Muster Roll of Battery ‘D’ of the 307th Field Artillery from Dates of Enlistment (September 1917) to October 31, 1917.”

Men not in bold aren’t listed on Battery D’s Initial Muster Roll but were also members of the county’s first two draft contingents. Some may have been temporarily assigned to the battery at the time of the photo.
