Office of the Quartermaster General
Cemeterial Branch
War Department

Dear Sirs: -

We are in receipt of a letter from the Red Cross asking our wishes in the matter of a national Field of Honor in France as a memorial to those

who died there.

From all the letters received we prefer to have our son lie undisturbed where he is in the cemetery of St. Serv in Rome. At the same time it seems fitting that our dead heroes should have an obelisk in France and should it be decided to make such a place for them, we would want our son - Private

Harold S. Lay - to be laid to rest with the
rest of his countrymen.

Very respectfully

Henrietta C. Lay

Mrs. H. M. Lay.
